

Your Home ~ Your Way

This home can be built with garage, without a garage or on piers.

The Cocoa Beach

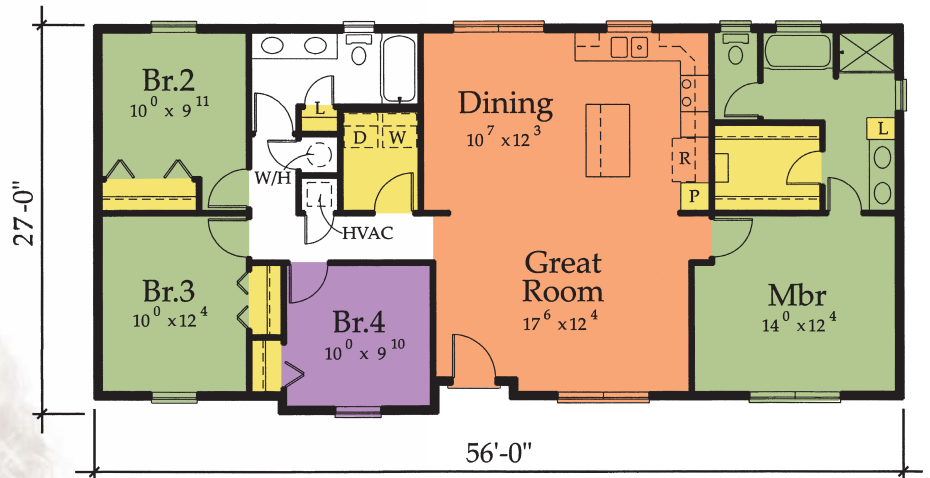

Model # C297M

Total 1,462 Sq. Ft.

Imagine walking through the front door into great entertaining space. A tile floor would tie it all together, making it more maintenance free.

Bedroom #4 makes a great flex area. It could become a cozy den to get away from the socializing space.

Two sinks in the secondary bath helps the kids get ready for school and the master bath is spacious.

How this home lives

*Elevations may include optional features.
