

Your Home ~ Your Way

This home can be built with garage, without a garage or on piers.

The Charlotte Harbor

Model # C753M

Main – 960 Sq. Ft. / Second – 960 Sq. Ft. = Total 1,920 Sq. Ft.

On a hot summer day, the family is sitting on the covered porch with large fans moving the still air. Two sliding glass doors lead you to an open entertaining space.

Bedroom #4, with adjoining bath, makes a great guest suite, away from the family bedrooms on the second level.

A two-tiered porch is romantic and practical. The one off of the master bedroom could be a "sleeping porch" to catch the cool breeze.
