The Jackson

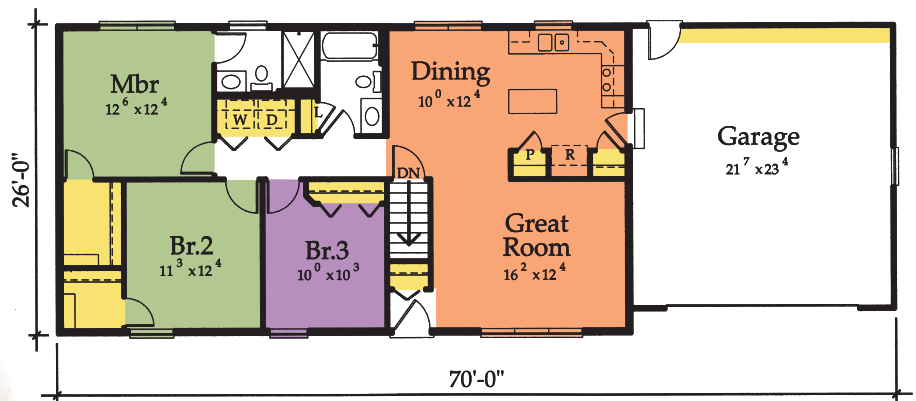

Model # N219cm

Total 1,248 Sq. Ft.

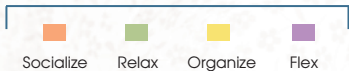

Who would guess there is a room full of people waiting to surprise you for your birthday? The island makes a great place to serve cake and ice cream.

This home should make a closet lover smile. Two walk-in closets and an ample walk-up keep clutter out of bedrooms.

If bedroom #3 becomes an office, a doorway could be added from the entry. The closet is a great place for the fax or printer!

How this home lives

*Elevations may include optional features.
