

Estimator – Wausau, WI

For over 50 years, Wausau Homes has been a recognized leader in the home building industry that prides itself on Redefining the Homebuilding Experience.

Our brand promise focuses on taking the stress and anxiety out of the home buying process by providing firm pricing, a firm move-in date and a home customized just the way the customer wants it. The company has built more than 150,000 homes throughout the Midwest, ranging from starter homes to vacation dream homes.

Today, as a market driven company, Wausau Homes has a driving force that is a promise of opportunity for prosperity, success and creating opportunities for all. We are looking for individuals to join our team that share our core values and passion for the building industry.

Principal Duties and Responsibilities:

- The position of **Estimator** in the Sales Support Department involves working with the Wausau Homes' Builder to assist in providing scope and definition to the project and to help procure the proper materials.
- Assist the builder with estimate and firm price pricing.
- Identify required materials from builder specifications and plans and verify continuity.
- Communicate project details to the Builders, Materials and Structure Design departments and production.
- Problem solving and critical thinking to create solutions for unique and custom situations

Qualifications:

- 2 years or more post high school education or relevant working experience in the residential building industry a plus.
- Ability to understand building material usages and construction practices.
- Experience in Microsoft office programs
- Strong written and oral communication skills and customer service skills
- Ability to thrive in a multi-task, flexible, team-oriented work environment.

Employee Benefits:

- Health, Dental, Vision, Life and Disability Insurance
- 401(k) with employer match
- Holiday, vacation and personal days
- Employee discount on home purchase
